

ATR on Feedback Reports from Stakeholders (20-21)

	Brief Analysis of the feedback	Action Taken
Feedback from Students on Teaching-Learning Evaluation	Students have shown an overall satisfaction with the online teaching learning process in the college.	The faculties were conveyed and encouraged to continue adopting more student friendly teaching techniques based on ICT.
Feedback on Infrastructure: As far as the main infrastructure is concerned the students are satisfied with the classrooms, laboratories.	The upgrading work of the classrooms and laboratories would continue.	Plans were prepared to convert more classrooms into smart classrooms.

Feedback from the Alumni of the college	They have shown overall satisfaction over college performance and efforts taken to enhance academic and physical facilities to students	The alumni association would widen the membership and raise more funds for the students
Feedback from the Parents	They have shown overall satisfaction over college performance and efforts to provide a healthy environment for education. Most parents find this college a better institution being satisfied with the infrastructure library and lab facilities available in the college.	The college organized PTA meetings very frequently in normal situations. But due to COVID-19 pandemic, an online PTA meeting was conducted.
Feedback of faculty on curriculum.	Most faculty founded Board of Studies ensures the currency and relevance of the courses and programs offered and are satisfied with the course content which has clarity of objectives. Almost all are content with the teaching resources and reference text available in the institution.
