Title of the practice: Moral Value Enrichment Online Certificate course.

Objectives of the Practice:

- *To cherish moral values full of humanistic thoughts along with educational progress in a student's life.
- *To create awareness in students regarding following the quadruple formula of self-dependence, exercise, pride and freedom.
- *To increase students participation to enhance the quality education and values.
- *To include students in the expected change flow for social interest by developing the mental ability to root out anti-social customs and etiquettes.
- *To develop values like scientific temper of mind, large heartedness, cooperation, tolerance and respect for the culture of other groups.

The context:

Value education is rooted in Indian Philosophy and culture and ingrained in every tradition of Indian culture. Indian Social Reformers and Thinkers have presented the ideal of service commitment in front of the students/community through their thinking and working style. In today's era it is very essential to impart students the teaching of cultural and moral values to mutually developed nations and communities along with physical progress. As Indian culture represents the principle of 'Unity in Diversity' our institute has overpowered the discrimination regarding religion, race and gender to obey the trinity 'equality, fraternity and symbiosis'. The future of our country depends upon the moral values imparted to students during their student life. And hence educational institutions play a significant role in the promotion of value. Keeping this in mind, our institute has incessantly implemented continuous quality education enhancement programs along with innovative projects to inculcate moral values.

Practice:

In the wake of a COVID pandemic which has engulfed the present day education system, we were unable to conduct various activities on ground that are addressed to rising problems of modern society. Our institute in collaboration with Umang Geetai College of Women's Education, Nagpur, organized an Online Moral Value Enrichment Certificate Course. In this, we have delivered 30 lectures of faculties and social activists on different moral values. These lectures concentrate on the development of the student focusing on areas like happiness, humanity, cooperation, honesty, simplicity, love, unity, peace, environmental awareness etc.

Duration : 30 Clock hours

Beneficiaries:

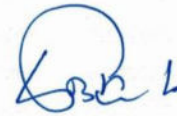

292 students completed the course and they appeared for assessment test. A formal feedback was submitted by them. 245 students completed the course and acquired certificate for the same.

Resources required:

*Experienced and motivated faculty.

*willingness of student
